THE UNIVERSITY

MISSION STATEMENT

Seton Hall University is an independent Catholic university founded in 1856. The mission of the institution reflects a tradition of quality rooted in Judaeo-Christian values. The University distinguishes itself by its concern for the ethical and spiritual as well as intellectual development of its students.

Teaching, scholarship and service to the community are at the heart of universities everywhere and have built and shaped the goals of Seton Hall University. The University is committed to the education of students, to their intellectual and personal growth, and to their development as productive and responsible members of society. The University is committed to scholarship -- the discovery of and advancement of knowledge for its own sake and for its potential benefits to society. The University is committed to public service, both to New Jersey and to society at large.

The Catholic tradition permeates the values, ethics, and teachings of the University and undergirds the efforts to advance knowledge and solve societal problems. Taking advantage of its location in New Jersey, the University contributes to the development of the local area through the provision of cultural and community services which reinforce the educational mission. Seton Hall endeavors to integrate and build a firm foundation for students and faculty in the commitment to life-long learning, communication, and civic values. The University seeks to expand its influence through a regional and international student body.

A BRIEF HISTORY

James Roosevelt Bayley, the first bishop of Newark and founder of Seton Hall, named the College after his aunt, St. Elizabeth Ann Seton, a Catholic convert like himself, and founder of the first community of the Sisters of Charity. The original enrollment of five students in 1856 grew rapidly, and four years later the College moved from its first home in Madison (which became the site of St. Elizabeth's College) to its present location in South Orange. Early the following year, the College was incorporated and chartered by the State of New Jersey.

During the first 12 years, 531 students entered the College. The student body grew to 119, and there were 17 seminarians and 16 faculty members, including four priests; students came from places as far away as Mexico, Cuba, Brazil, France, Spain, and Italy, as well as 17 states.

In spite of setbacks such as three major fires, and lean times during the war years, the College continued to grow. The preparatory school curriculum was separated in 1897, and eventually organized into a separate school. University College, originally known as Extension Division and later Urban Division, began in 1937, as did the first summer session. This marked the first time that women were admitted to the faculty and the student body.

The College was organized into a university in 1950, and comprised the College of Arts and Sciences and the Schools of Business, Education, and Nursing. The School of Law opened in Newark in 1951. Seton Hall opened a campus in Paterson in 1954, which operated for 20 years. In 1955, Seton Hall launched New Jersey's first college of medicine and dentistry, later taken over by the State of New Jersey. The University became fully coeducational in 1968, when all Newark day and evening programs, except those of the School of Law, were consolidated and moved to South Orange.

Modernization and construction continued into the 1970's. A new residence hall, sports facilities, and academic buildings for the business and nursing schools were completed in South Orange, as well as a new Law Center in Newark.

Continued construction and expansion of academic programs has marked the 1980's. In 1984, the Immaculate Conception Seminary returned to campus in a new facility as the School of Theology. A new residence hall opened in 1986, a student recreation center in 1987, and a second new residence hall opened in 1988. New doctoral programs were begun by the College of Education in 1980, as well as a Master of Public Administration degree in the College of Arts and Sciences in 1982, and a Master of Taxation in the School of Business in 1985. The School of Graduate Medical Education was established in 1987. In July of 1987, Seton Hall Preparatory School officially separated from the University as a separate corporate entity.
