# THE UNIVERSITY

---

## MISSION STATEMENT

---

The spirit of Seton Hall University is that of St. Elizabeth Ann Seton, from whom the University takes both its heritage and its name. This Catholic institution of higher learning continues to fulfill its century-old challenge of discovering and unfolding with its learners the wondrous complexity of truths, both sacred and secular, and the moral values which they found. Seton Hall, the largest and oldest diocesan university in the United States, welcomes and educates men and women of all races, creeds and ethnic origins, from within and beyond the state of New Jersey. The University provides, through diversified yet integrated curricula, undergraduate and graduate degree programs in the arts, the sciences and the professions. In a supportive learning environment where religious commitment and academic freedom form a lasting partnership, the University prepares its students for effective and responsible participation and leadership in their professional, community, religious and family lives.

## A BRIEF HISTORY \*

---

The first bishop of Newark, James Roosevelt Bayley, founded Seton Hall in 1856, naming it after his aunt, Mother Elizabeth Ann Seton, a pioneer in the work of Catholic education and the first American-born saint. From its original enrollment of a handful of students, Seton Hall grew rapidly. During its first 12 years, the College had enrolled over 500 freshmen from 17 states and six foreign countries.

Seton Hall has always reflected the growing ethnic scope of its students and the increasing diversity of the Church and society it has served. In the 19th century, in spite of setbacks, major fires, lean times and the Civil War years, the College continued to expand. By 1937, Seton Hall established a University College. This marked the first matriculation of women at Seton Hall. The University became fully coeducational in 1968.

The years after the Second World War witnessed unprecedented growth for Seton Hall as it responded to the needs of thousands of veterans seeking higher education. The College was organized into a university in 1950, comprising the College of Arts and Sciences and the Schools of Business, Nursing and Education. The School of Law opened its doors in 1951.

The next two decades saw the construction and modernization of a large number of facilities and the construction of the library, science building, residence halls and the student center. Many new programs and majors were inaugurated, as were important social outreach efforts. New ties were established with the private and industrial sectors, and a growing partnership developed with federal and state governments in creating programs for the economically and educationally disadvantaged.

The 70's and 80's continued to be a time of growth and renewal. New business and nursing classroom buildings and an art center were opened. In 1984 the Immaculate Conception Seminary returned to Seton Hall, its original home until 1927, when it moved to Darlington. The recreation center was dedicated in 1987. With four new residence halls constructed between 1984-1988, Seton Hall now provides living space for approximately 2000 students. Recently established new programs in business, nursing, public service, medicine, pastoral theology, corporate and public communication, and other areas have kept our curriculum abreast of the needs of students into the 1990s and beyond.

## NOTES AND SOURCES

---

1. A BRIEF HISTORY (Page 4) - taken from 1992-93 Undergraduate Bulletin p.4-6.
2. HISTORICAL MILESTONES (Pages 5-10) - taken from the 125th Anniversary Brochure produced by the Office of Publications and updated annually.
3. BOARD OF TRUSTEES (Page 11) - Provided by the Office of Board Affairs as of November 1992.
4. BOARD OF REGENTS (Page 12-13) - Provided by the Office of Board Affairs as of November 1992.
5. PAST PRESIDENTS (Page 16) - taken from the 125th Anniversary Brochure produced by the Office of Publications and updated appropriately.
6. STUDENT ENROLLMENT STATISTICS (Pages 21-48) - compiled from data currently in the University's SIS (Student Information System) system. Excluded from the enrollment numbers are students in Special Programs, mainly Project Acceleration. Data reported include all undergraduate, graduate and professional students defined as follows:
  - a) *Undergraduate* students are both Matriculated and Non-Matriculated students. Matriculated students have applied for admission to a degree program, either for a Bachelor of Arts or a Bachelor of Science. Non-Matriculated students have *not* applied for admission to a degree program and are enrolled for a maximum of 18 credits. A full-time undergraduate student is taking 12 or more credits in the fall/spring semester, and a part-time undergraduate student is taking less than 12 credits in the fall/spring semester.
  - b) *Graduate* students are those students who already hold an undergraduate degree and are taking credits at the post-baccalaureate level. They can be enrolled either in degree programs, in continuing education courses, in non-degree certificate programs, or as non-matriculated students. A full-time graduate student is taking 9 or more credits in the fall/spring semester, and a part-time graduate student is taking less than 9 credits in the fall/spring semester.
  - c) *Law* students are those enrolled in programs leading toward a first-professional degree in the field of Law (J.D.). A full-time Law student (Day) is taking 15 credits in the fall/spring semester, and a part-time Law student (Evening) is taking less than 15 credits in the fall/spring semester.

Please also note that all fiscal year totals on enrollment are duplicated headcounts, i.e., a student would be counted once for each semester in attendance in the given year.

## NOTES AND SOURCES

---

7. COURSE CREDIT HOUR ENROLLMENT (Pages 49-66) - compiled from data currently on SIS. Data reported includes all undergraduate, graduate, and law credit hours offered from each of the colleges excluding Project Acceleration classes.
8. DEGREES AWARDED (Pages 67-72) - compiled from IPEDS (Integrated Postsecondary Education Data Systems) reports filed annually with the NJ Department of Higher Education for years 1979-80 to 1986-87 and from current information on SIS for years 1987-88 to present.
9. APPLICATIONS & ADMISSIONS DATA (Pages 73-80) - compiled from IPEDS reports filed annually with NJ Department of Higher Education for years 1980 to 1985 and from data currently on SIS for years 1986 to present. The number of applications received, number of students accepted and number of students enrolled does **not** include any non-matriculated students.
10. AVERAGE SAT SCORES (Pages 81-85) - compiled by the Planning Office from historical registration files and current data in SIS. Please note that "N" refers to the number of students with SAT scores and not the number of entering freshmen.
11. FRESHMAN ATTRITION RATES (Pages 86-87) - compiled by the Planning Office from current data in SIS. The breakdowns of Commuter/Resident, and Arts & Science/Business/Education/Nursing are based on each student's entering status and is kept at the same value.
12. FRESHMAN DEGREES EARNED (Page 88) - compiled by the Planning Office from data on SIS. The current computer system began tracking all degrees for students in 1987, hence the earliest freshman class that can be tracked are the Fall 1983 entering Freshmen. Due to the change in computer systems in 1987, there are likely possibilities of slight data discrepancies for freshmen classes previous to 1987. These are the best possible figures that can be derived from the registration files.
13. FALL 1992 APPLICATIONS & ADMISSIONS (Page 93) - compiled from data currently on SIS. The number of applications, acceptances, and enrolled students does **not** include non-matriculated students.
14. FALL 1992 FRESHMAN CLASS PROFILE (Pages 94-106) - compiled from data currently in SIS. SAT scores and high school rankings are based on the number of students who have recorded scores and not the number of full-time freshmen enrolled.
15. FALL 1992 UNDERGRADUATE CLASS (Pages 107-116) - compiled from data currently in SIS and following the definition of undergraduate student as described in Note #6.
