M.A., Instructional Design and Technology

Curriculum

M.A., Instructional Design & Technology (36 credits)

(Includes SHU certificate in Information Technologies and SHU certificate in Transition Studies)

The online M.A. in Instructional Design and Technology provides students in any discipline the capability to expand their abilities and increase employment opportunities by exploring a wide range of emerging technologies, gaining technical competencies, and applying technology-enhanced instructional design experiences in their field of study. Teachers, trainers, technology coaches, coordinators, directors, school media specialists, and instructional designers in many settings improve their professional performance and assume leadership roles in areas related to the use of digital technologies integrated with instructional design. Learn to promote excellence and transformational change, sustain technology innovations, and manage the change process in your area of specialization and working environment.

Required Courses (36 credits)

Course No.	Course Name	Credits
EDST6216	Digital Research & Information Literacy	3
EDST6307	Integrating Curriculum & Technology in the Inclusive Classroom	3
EDST6304	Production of Instructional Resources I	3
EDST6315	Technical Process for Ed Media & Technology Resources	3
EDST6305	Production of Instructional Resources II	3
EDST6308	Organizing & Administering Educational Media & Technology Programs	3
EDST6347	Special Projects in Technology	3
EDST6306	Instructional Design (Capstone final course)	3
EDST 7312	Current Issues in School and Society	3
EDST 6214	Emerging Web Technologies	3
EDST 6344	Seminar: Social, Ethical, Legal Issues in Technology	3
EDST 6345	Online Course Management & Delivery	3
